## Cooper's Tools & Supplies

PLEASE NOTE: The prices listed below are meant as a guide, and may change without prior notice.

### Sulfur Wicks and Disks

---

Wicks and disks are the easiest way to sulfur your barrels when they are empty and being stored. We recommend about 1/3 of a wick to sulfur a 60 gallon barrel. Our sulfur disks (10g, 5g or 2 1/2g) are imported from France and are a bit easier to use than wicks. Consider purchasing a stainless steel sulfur burner designed to hold either disks or wicks.

Sulfur wicks . . . . .	\$ 12.50 per lb. (about 20 wicks)
	\$532.00 per 50 lb case
Sulfur disks . . . . .	\$ 21.50 per kilo (2.2 lbs.)
	\$229.00 per 20 kilo case
Sulfur burner (stainless steel basket and hook) . . . .	\$55.00
