

OTHER BARRELS

Certified Used and Reconditioned Barrels

We try to stock a selection of quality used barrels that we have purchased from customers who we know take good care of their cooperage. Younger ones we sell "as is" while those over 5 years old we generally recondition.

Call for Reconditioned barrel price range - 707 942 4291

Small New Barrels

We usually maintain an inventory of small barrels made from new oak in 20 and 30 gallon sizes in either French or American oak. Very popular, especially at crush. Supplies are limited and generally run out by August.

French oak 110 liter (30 gal)	\$500
French oak 75 liter (20 gal)	\$395
American Oak 30 gallon	\$300

Small Cooperage

Our Master Cooper, Yann Guiguen, builds small barrels using new or reconditioned French and American oak.

Small reconditioned barrels are ideal for home winemakers or those making smaller quantities of wine. Reconditioned oak is "less aggressive" than new oak, allowing the wine to mature in the barrel for a longer time.

New French oak, 30 gallon	\$450
Reconditioned (red) French oak, 30 gal	\$285
Reconditioned (white) French oak, 30 gal	\$300
Reconditioned (red) French oak, 20 gal	\$250
